

# READY TO GO BIG?

Take your events to the next level with Virtual Events—available now as early access for our customers!

In a quickly changing landscape our customers have adapted and expanded their reach using GoToWebinar, while ranking it as a top solution for their needs. To thank you for your trust and business we're providing early access to our latest solution: Virtual Events.

Virtual Events enable you to set up and host multitrack and multiday sessions in just minutes. Below are the key features included in this early access:

- Manage and create a multiday/multisession virtual event
- Attendee Registration Page
- Attendee Agenda Management
- Attendee Engagement features like Q&A, Polls, Surveys, and Whiteboarding
- Simple and powerful Email Notifications
- CRM integrations
- Reporting

And over the next few months we'll roll out enhancements to events and attendees:

- Simulated live sessions
- Attendee Payments
- In-session and event wide chat function
- Breakout Rooms
- Post-Event Recordings
